

We need to keep our NJ law. The FCC's regulations should even be stronger. Just because I make a purchase at an establishment does not mean I am giving them license to bother me 24 hours a day. I pay my phone bill. I should decide to whom I speak and how my phone should be used. These telemarketers do not take no for an answer. Even if you ask them politely not to call they continue. If you get mad at them they call you more often. You should be enforcing this regulation!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
